Asheville boasts a strong service economy: We like to help people. an entrepreneurial spirit. Combine these two, and you can be in this area, if something breaks, you've got a legal question, your blank, your home's been invaded by stink bugs, the outdoor spigot out of sprinkler ... or any host of challenges and problems, and none to call.

For instance, Best Computer Repair garnered the most votes of any category. Surely that's a telling sign — a dizzying array of computer services for the essential household and business equipment for most of us. We can't list them all. Fortunately, we've got several choices for getting them fixed, from computer repair to Computer Mechanix.

Best car repair, and while the winner (Organic Mechanic) is a national chain gets a strong nod as well (Xpertech). But the Asheville cycling community, with longtime Asheville-area business law for bike repair, and double-ties for second and third (and more bike-repair options per capita than the average town,

services, too, and check out our reader picks. The results for close to call — ditto for local accountants, general contractors, roofers. And we've got to appreciate the business names: Best Stonemason (Rock Pirate), Best Home Cleaning (Alt Energy Sales & Installation (Sundance, one of the
